

SMART Duffers Chapter:

The Duffers is a chapter with an undetermined number of members, who like to play golf. They are at every National Muster, region musters and chapter musters. They pick some great courses, and there is talk that there may be a Golf Caravan (more on that down the road). Members have a great time and those who have won, have received great prizes. So, if you like to play golf, or have a favorite course you would like to share or are looking for a golfing partner - contact the chapter President Len Mays for information on joining their chapter or joining SMART.
