

Inland Empire Chapter:

The smallest in size of the three NW chapters, many of our members also belong to the other chapters in the region. One of our favorite places to campout is in Walla Walla. There we always have a great turnout, and we seem to attract a new member or two. Whether it is the great food - great camaraderie - or just the location, we consider ourselves a fun and active chapter. We also visit the many of the local establishments, pottery, restaurants, and take in the surrounding sites. At camp we enjoy sitting around the fire, sharing stories, recipes or just playing games.
