

Mohawks Chapter:

The Mohawks Chapter was the first chapter in the region, chartered in 1996. They now have 45 members, and this stay pretty constant. We are a good group of folks up here who enjoy the outdoors and having fun. While the winters may be harsh, our summers bring out the best in camping. The Mohawks along with the other 4 chapters in the region hosted the 2005 NMW Region muster at Rutlader's Outpost & RV Campground in Louisburg, KY, and it was a huge success. Our favorite pastimes include games, outdoor and indoor, golfing, enjoying scrumptious meals provided by some of the best cooks, and enjoying areas of interest in out neighboring counties. We sit around campfires re-telling war stories - man, how they get better each time they are told. We invite you, to come join us as you cross this great country, and see what SMART is all about. I believe we have a little something for everyone to enjoy up in our area. For information contact our Region Director, or chapter president.
