

### Tri-State Panhandler's Chapter:

Started nine years ago, just a short time after forming we hosted the North/South Central regional at Panama City Beach, the response and attendance very good. Many of our members are also members of White Sands and/or Alabama Smarts. Every year we have our January muster in conjunction with New Years Eve. The muster is open to all Smart members. We usually meet the first weekend of the month except for January, which changes depending upon New Years. We meet every other month but not through the summer and welcome new members. Our musters are varied and we try to vary the areas of camping so the driving miles are not all in one area. Our card games are a lot of fun as are all of the other activities the hosts plan. Many times we go visit nearby friends, local scenic monuments, yard sales etc. We try and have some special activity planned each muster. If you are interested in joining, we welcome new members.
