

GA Ramblers Chapter:

One of their favorite and most interesting places the Ramblers host their musters are at Kings Bay Sub Base, Eagle Hammock FC. There is never a dull moment with the Ramblers, and never a complaint about 'who will host a muster'. That is one of the best things about a chapter, volunteers finding a great place and bringing your friends there to enjoy it. They always claim their food is excellent, rivaling the claim by the Cajuns, so why don't you be the judge. Touring the Sub base and being able to tour visiting Submarines (The USS W. Virginia), going to the shooting range and enjoying the opportunity to fire machine guns, pistols and M16 Rifles. Not far is the town of St. Mary's, the second oldest city in the USA, there you will find a Submarine museum. For golfers, you can hardly beat what Eagle Hammock FC has to offer. You don't have to live in GA to be a Rambler, many of their members reside in surrounding states, with others being winter visitors. For more information on the Ramblers, contact the Region Director or chapter president.
