

SMART Solo's Chapter:

A new SMART Chapter "SMART Solo's" has formed and awaiting interim approval from the board. In the meantime our chapter is for Singles who like to travel, and like to do so as a group. We consider this a friendship chapter, and like the Fulltimer's, and the Nomad's, we will have an annual meeting at the National each year. We would like those of you that no longer have RV's to participate also. You can drive or fly to the Nationals or visit any local musters we may have. We are also working on accommodations for those of you that would like to attend the Albuquerque Balloon Fiesta Caravan, October 3 - 12, 2008. This chapter will not have annual dues, but we will have swingers. Everything will be done by email or phone. Much more is in the making. If you are interested in joining our Chapter, please do not hesitate to contact one of us.
